The Most Comfortable Clip For Glasses

Crooked, wavy, loose-screw glasses cannot give you decent service. They are trying on the temper and worse for the eyes. Come in and try on a pair of glasses fitted with the Fulkerson clip—guaranteed to hold glasses firm and straight without severely pinching the nose.

As usual, the curiosity of the public was keen and the streets were thronged with people, despite the darkness.

At 11:30 p.m. the authorities announced that the danger from Zeppelin was over and the lights of the city were turned on again.

Zeppelin Is Brought Down.

A Zeppelin airship was brought down by French guns in the vicinity of Brabant le Roi, in the Meuse, yesterday, according to an official announcement.

The Zeppelin was flying from St. Henehold toward the south and was attacked by cannon from Revigny. Hit by an incendiary shell, the Zeppelin fell in flames in the vicinity of Brabant le Roi.

PARLIAMENT VOTES NEW WAR CREDITS

Latest Grants Bring Cost to England Above Ten-Billion-Dollar Mark.

LONDON, February 22.—The house of commons last night passed new votes of credit to the amount of £20,000,000. This is expected to carry the war to the end of May, bringing the total sum appropriated by means of votes of credit since the outbreak of the war to £2,822,000,000, a sum, according to Premier Asquith, "not only beyond precedent but actually beyond the imagination of any financier of this or any other country."

Premier Asquith spoke for fifty minutes in presenting the government's motion for the new war credits.

Keeping War Cost Down.

The point emphasized by Premier Asquith was not the enormous totals necessary for the war, but the fact that by careful economy and safeguards the government had succeeded in holding down the expenditure well below £5,000,000 a day, which figure he thought unlikely to be exceeded at any time.

Mr. Asquith told the house that the daily expenditure from April 1 to July 1 of last year was £2,800,000; from July 1 to September 1, £3,500,000; from September 1 to November 1, £4,150,000; from November 1 to February 1, £4,150,000; from February 1 to April 1, £4,400,000.

Loans to Great Britain's allies and to the dominions have amounted to £38,300,000. Between November 7 and February 19 the amount loaned was £70,600,000, making a total of £158,900,000.

Satisfied With Exchange.

The chancellor of the exchequer, in an optimistic statement regarding the condition of British credit, said:

"Criticism has been made that we are not taking proper steps to maintain our credit, particularly with reference to American exchange. I merely ask the house to compare our American exchange with that of any other of the belligerents. At the present time the rate is 17.75, and the government does not wish it higher than that. It is not wish it to go either up to above normal, for the simple reason that we are discouraging imports by keeping the exchange a little below par and checking the export of gold to America."

ZEPPELIN RAID FEARED, FRENCH CAPITAL DARK

One of Enemy's Airships Reported to Have Been Brought Down in Flames.

PARIS, February 22.—The lights in the suburbs of Paris were lowered about 8 o'clock last night by order of the military governor. Similar measures were taken in Paris at 9:15, and by 9:30 only a few lamps were left burning in the city. This is the customary action when there is alarm over the probable approach of Zeppelins.

As usual, the curiosity of the public was keen and the streets were thronged with people, despite the darkness.

At 11:30 p.m. the authorities announced that the danger from Zeppelin was over and the lights of the city were turned on again.

WAR'S NEEDS INCREASE WORLD'S AREA OF CROPS

Figures Compiled and Published by International Institute of Agriculture.

ROME, February 21, via Paris, February 22.—The February report of the International Institute of Agriculture, compiled from official data supplied by each country, indicates that war needs have increased the crop area of the world 73.10 per cent. Increase in wheat, corn, rye and oats in the United States, Canada and elsewhere are more than neutralized by a decrease in cultivation in Russia and Hungary. The forecasts that the wheat production of Argentina and Australia would show an increase are confirmed.

Cattle in the United States increased 53.10 per cent, or 3,112,000 head, thus making a total of 6,141,000 head.

Cereals conditions are backward in France and England and favorable in Italy, Switzerland, India, Algeria and Egypt. In Spain there is an increase of 6 per cent in wheat, of 21 per cent in barley and of 17 per cent in oats over the corresponding period of last year.

Warn Passengers TO AVOID LINER

Anonymous Writers Tell Them to Keep Off French Steamer Espagne.

NEW YORK, February 22.—American citizens who have booked passage on the French liner Espagne, scheduled to sail from New York for Bordeaux, France, Thursday, have received anonymous letters directing attention to the proposed new submarine policy announced by Germany and warning them not to embark, according to information received by officials of the British consulate here. Mrs. F. Banker Hilton of this city, who plans to sail on the Espagne, declared that she had received a letter typewritten in black ink on yellow paper.

The letter was as follows:

"Madam: It is understood that you intend to sail within the next few days upon the steamship Espagne for Bordeaux, France. You are doubtless fully aware of the danger to the vessel which is to come into effect any day and which will be carried out rigorously, irrespective of the nationality of the passengers upon the vessel attacked. Therefore, assuming that you are aware of the unusual and unnecessary danger that you are, to subject yourself to, you are requested to receive this warning as definite and unquestionably necessary and which you are requested not to question, but to accept for the safety of yourself and that of your family."

Sent to British Embassy.

The envelope containing the letter was postmarked February 17, 6:30 p.m. Mrs. Hilton turned over the missive to the British authorities here, who later sent it by special delivery and registered mail to the British ambassador, Sir Cecil Spring-Rice, in Washington.

Persons upon the vessel attacked, was said that similar letters to others who had booked passage on the Espagne had been forwarded to the consulate.

Sailing from here Thursday, the Espagne, which is a slow boat, would ordinarily reach Bordeaux about March 4 or 5. The new submarine policy referred to, the British consular officials pointed out, may be put into effect March 1.

ONE MAN MAY HANDLE BLOCKADE OF GERMANY

Lord Robert Cecil Suggested as Proper Cabinet Officer for the Job.

LONDON, February 22.—The government has decided, says the Times, to co-ordinate the various authorities responsible for carrying out the blockade policy under one responsible hand.

"Nothing is known regarding what changes are contemplated," adds the Times; "but the government has recognized the defects in the system under which the admiralty, the foreign office, the board of trade and various committees are all more or less responsible on the questions of blockade and contraband, and is resolved on reform."

May Be Lord Cecil's Job.

The Telegraph thinks that Lord Robert Cecil, parliamentary undersecretary for foreign affairs, will be the new cabinet minister to deal with the blockade question, and believes he is eminently suitable for the post, because he possesses the necessary legal knowledge and has had experience hitherto in handling different problems connected with the blockade.

It is expected a full statement will be made in the house of lords today on Baron Sydenham's motion urging a more effective use of the fleet in preventing supplies from reaching the central powers.

NOT ONE PERSON KILLED IN GERMAN STREET RIOTS

Dr. Theodore Lewald Issues Statement in Denial of Stories in Foreign Press.

BERLIN, February 22, by wireless to Sayville.—"The foreign press, especially that of France, continues to disseminate reports about riots in Berlin and other German cities," says the Overseas News Agency. "Dr. Theodore Lewald, director of the interior action of the ministry of the interior, is asked by the Overseas News Agency to state exactly what had happened. He received a member of the staff in his office in Wilhelmstrasse. The news agency statement quotes Dr. Lewald as follows:

"I have no illusions as to what use will be made of my words by those who spread false and alarming reports, but I know the American people. I was German commissioner at the world's fair in St. Louis and made friends in the United States. I know that their sense of fairness will determine whether my words count for something or not."

"I have been for five years at the head of the political department of this ministry. It is my business to know of all such things as riots that occur in Germany. I give you my word that in all those incidents which were called riots or street fights, from the beginning of the war until this very day, not one person has been killed on German streets, and not one soldier has been called to assist the police or shoot at a mob."

The Velvet Kind team cleaned up three more games in the National Capital League last night, winning from the Brunswick. The Velvet bowlers proved much the better, their margin of victory being big in each contest.

Chapin, Michaud and Harley were the stars of the match for the winners, while Rider led the losers with scores of 113, 108 and 103.

The Shermons got away with the long end of the scores in two games with the Resolute in the District League, winning the first and third. Allen did some fine work for the Shermons, and Bell rolled well for the losing quint. Allen's counts were 120, 110 and 104. Bell knocked down 117, 105 and 112 pins in his three contests.

Holmes rolled a good set for the Decatur in the Mount Pleasant League, toppling 102, 107 and 127 pins in his three games. The Decatur lost two games to the Arcade Stars, despite Holmes' good work. G. Chaconas led the winning club with marks of 114, 108 and 102.
